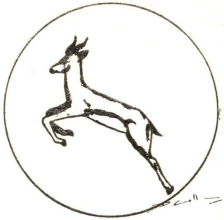
KROONSTAD



ZS4MG

KROONSTAD is situated only 35 miles from the rich and expanding goldfields of the Orange Free State. The main railway lines from Johannesburg, Durban and Cape Town converge on this important centre.

Originally founded in 1855 to serve the needs of the farming community, the town is today able to cater for heavy industry and boasts a white population of 12,500.

On the lighter side, the beautiful Valsch River running through the town makes it an attractive holiday resort with facilities for enthusiasts in all sports.
